L'âge de l'assuré correspond à la différence entre l'année en cours et l'année de naissance

Selon l'Art. 1b OPP 2, les prestations versées ne devront pas dépasser de plus de 5% l'objectif réglementaire

**Exemple** : Le rachat maximal (art. 17) d'un assuré de 30 ans, avec un traitement cotisant de 50'000.- et un compte-épargne acquis de 25'000.-, se détermine ainsi :

$$(127,1 \% \times 50'000) - 25'000 = 38'550$$
